## The Impact of Divorce, Separation and Custody Affects All of Us

The New Hampshire legislature in 1993 enacted RSA 458-D, establishing a pilot project to offer the Children First program. Initially offered in four counties, the program has expanded statewide. NH Community Behavioral Health Association (NHCBHA) coordinates the Children First program in all ten NH counties. NHCBHA works closely with the NH Judicial Branch to help parents, kids and the courts in providing information regarding the impact of divorce and separation on children.

Participants can attend any location to meet their requirement. Experienced professional counselors present each class in convenient locations during evening and weekend hours.

A per participant fee is payable in advance of attendance. Reduced fees are available if a parent is receiving state-based assistance programs. Please call to register or request more information.

*"I found the course relevant and informative. It opened my eyes to the needs of my son"*
